

## CALL FOR PAPERS

On **September 12-14, 2017** Department of Physical Geography and Cartography of V. N. Karazin Kharkiv National University will hold XXVI International Scientific Conference "Problems of Continuous Geographic Education and Cartography".

**Organizers:** V. N. Karazin Kharkiv National University, Department of Science and Education of Kharkiv Regional State Administration, Institute of Geography NAS of Ukraine, Research Institute of Geodesy and Cartography, Kharkiv Academy of Continuous Education, Institute of Pedagogy of the National Academy of Pedagogical Sciences of Ukraine, State Scientific and Production Enterprise «Kartographia», «SkhidGeoInform», Joint-stock Company «Institute of Advanced Technologies», Geography Teachers Association of Ukraine, Ukrainian Geographical Society.

**Media sponsors:** «Ukrainian Geographical Journal», journals «Geography and Economics in modern school» (Kyiv), «Journal of Geodesy and Cartography» (Kyiv), «Geography» (Kharkiv), the newspaper «Regional studies. Geography. Tourism» (Kyiv).

During the conference we plan to discuss current issues of practical training of students and pupils in the system of continuous geographical education and cartography, summarize the experience and consider the prospects for the development and implementation of innovative educational technologies into the learning process, new by the topic, content and structure maps, atlases, training programs and educational literature - textbooks, manuals, reference dictionaries, anthologies and other products to be used in a continuous geographic and cartographic education system (primary, secondary, higher, postgraduate education).

During the conference the following **exhibitions** will be organized:

- new educational maps and atlases published in Ukraine and other countries;
- new textbooks on geography and cartography, published in different countries;
- computer-based training programs and manuals on geography and cartography, electronic maps and atlases;
- student theses related to the topic of the conference.

The exhibits should be sent to the Organizing Committee or brought to the conference.

**Integrated training** in Kharkiv schools will be organized for conference participants.

We plan to hold **thematic excursions** in Kharkiv city and Kharkiv region, Kharkiv industrial enterprises and educational institutions for foreign participants .

Two issues (№№ 25 and 26) of the **scientific journal** «Problems of Continuous Geographic Education and Cartography» with the authors' articles on the topic of the conference will be published by the beginning of the conference. The journal is recognized as a professional scientific periodical in «Geographical sciences» which can publish the results of theses for scientific degrees of Doctor and Candidate of Geographical Sciences.

Applications for participation in the conference, articles to be included to the journal and the money for publication of an article (50 USD or amount equivalent to \$ 2 - per page) will be accepted till **April 30, 2017** by the Secretary of the Organizing Committee of the conference V. V. Mashkina directly in the Sector of methods of geographical subjects teaching (room 4-73 the main building of KNU) or by mail at the following address:

**Victoria V. Mashkina**  
**Department of Physical Geography and Cartography**  
**V. N. Karazin Kharkiv National University**  
**Svobody Square, 4, Kharkiv, Ukraine, 61022**

the money for the article can be transferred to the **Privat Bank** card number **5168742017861653**  
addressed - **Elena L. Agapova** (please, consider bank transaction fee)

**The official application** should be submitted on **the letterhead** of the institution (enterprise), where the author works, signed by **the head** of the institution (enterprise) and **sealed**.

The application should specify:

- full name of the participant, place of employment, position, scientific degree, academic title;
- title of a report or an article;
- address (with zip code), e-mail, phone number;
- date of the application.

The application should be accompanied by a **scientific paper** in Ukrainian, Russian or English, three abstracts of the paper and a **review** on this paper (with the information about the reviewer). The reviewer's signature should be certified by the seal of the institution where he/she works. The data on the reviewer (surname, initials, scientific degree, academic title) are included into the scientific journal.

**The abstracts** are presented in three languages - Russian, Ukrainian and English, as well as the title of the article and the authors' name (for foreign participants the Ukrainian abstract will be prepared by the editorial board). Abstracts in Russian and Ukrainian should contain 500-600 characters. Abstracts are followed by 3-5 keywords. Requirements for English abstracts: 200-250 words (2000 characters); informative (shouldn't contain common ideas); originality (shouldn't copy Ukrainian or Russian abstract); meaningfulness (should present the main content of the article and the study results); structure (display the logic of describing results in the article).

The authors send a separate file with **personal information in Russian, Ukrainian and English**: name, surname, patronymic, scientific degree, academic title, place of employment, position, state awards and titles, full address, phone number, e - mail.

**Requirements for the content and design of the article:**

1. The article must be original, not published earlier, relative to the topic of the scientific journal («Problems of Continuous Geographic Education and Cartography»).

2. Total number of pages: minimum - 7, maximum - 10 pages (including tables and illustrative material). Article is given printed on A-4 paper in two copies (one copy is signed by the author / co-authors) and in electronic form - by e-mail (or on CD-ROM) in Word format (font Times New Roman, font size – 14, spacing - 1,5, margins - 2 cm, paragraph - indent 1.25). Pages are not numbered.

3. In accordance with the requirements for professional periodical, the article must include the **structural elements** (recommendations of the editorial board are given in parentheses):

- **Introduction** - formulation of the problem in general and its connection with important scientific or practical tasks (up to ½ page).

- **Initial conditions** - analysis of recent research and publications in which this problem is highlighted and to which the author refers to, allocation of unresolved before parts of the general problem, to which this article is devoted (½ page).

- **The purpose** of the article (5-7 lines).

- **Presentation of the main material** with full justification of scientific results (approximately 6-8 pages).

- **Conclusions** from this study and the **prospects for further research** in this scientific field (½ page).

- **References** (10 sources), designed in accordance with the new national standard. A reference to a work is cited in the text in square brackets: [1], [2] etc., while quoting - [1, p. 240]. Below **the list of References (Cyrillic is transliterated into Latin) and its English version is given**. The list must be issued in accordance with international standards (e.g, APA). Transliteration: from Ukrainian: <http://translit.kh.ua/>, from Russian: <http://translit.cc/>. Sample of References design is presented in issue 24, which is posted on the website <http://goik.url.ph/>.

The article should include **the names** of these structural elements.

4. Placing on the page:

In the upper left corner in normal font - UDC (1st line), name and surname of the author (2nd line); scientific degree, academic title, place of work, e - mail (Right alignment) (3rd line). Below the title of the article is given in capital letters (font size - 14, bold, centered). Below - after one term - three abstracts are given (size 12, spacing 1) and the text of the article is placed (without hyphenation). At the end of the article the information about reviewer and references are given (font size 12, spacing 1,5).

5. The article **should not include** illegible pictures, charts or diagrams and cumbersome tables. All graphics should be computer, designed in black and white.

6. The article should be carefully edited. **Its electronic and printed versions should have no differences.**

7. The journal provides added CD-R, where each author can optionally place colored cartographic materials or cumbersome schemes. This information should be sent by e-mail and the article should include the related link.

Each conference participant sends only **one article** (personal or co-authored). If the content or design of the article does not meet the requirements for a professional scientific periodical, the theme of the report will be included to the conference program without publication of the article.

Application for participation in the conference may be submitted without an article. In this case the report, if it meets the theme of the conference, will be included into the program.

The conference participants on preliminary applications will be lodged in the departmental or city hotels. Accommodation is paid by the participants.

**Phones** (code for long-distance calls to Kharkiv - **057**):

**707-54-79** - Sector of methods of geographical disciplines teaching;

**707-55-60** – Stuff Room of the Department;

**707-53-60** - Head of the Department.
